ATA: Approach

- Applied the principle that
 - "decision making for all non-regulatory activities should be undertaken by local boards unless a regional approach would better promote the wellbeing of Auckland communities"
- Regulatory activities are a decision of the new Council but some thoughts are in the discussion document
- Approach of ATA proposal
 - "Rather than ask why should local boards undertake certain activities, the ATA have asked why not?"
- Auckland Council must adopt a funding policy and formula for 2012 LTCCP Until then
 - "the budgets and funding policies and mechanisms in the existing Council's 2009-19 LTCCPs will largely determine the funding allocated to meet the costs of local activities in each local board area."
